

## Product Change Notice

- Notification #: 2012070002
- Date of Publication: 04<sup>th</sup> of Jul., 2012
- Affected Model: EAX-Q67
- Change Description:

To cope with Power LED brightness issue when system is forced to shut down, the A2 version of **EAX-Q67** will be implemented. All other functions stay exactly the same as in the A1 version, however.

- Customer Impact of Change and Recommended Action

Such change will not impact customer current design. Avalue will still maintain A1 for current projects but suggests customers to refer to A2 to avoid Power brightness issue. Please contact your sales window for A2 sample request, and be aware of the changing ordering number when placing the order. Please also update your ordering process to place next orders with the new P/N.

- Product Affected / Avalue P/N

Model	Description	Replaced P/N
EAX-Q67-A1R	ATX IntelQ67 LGA1155/1xPCllex16/1xPCllex4	EAX-Q67-A2R

We apologize for any inconvenience this may cause and appreciate your understanding.

Thank you for your confidence in us in the past and look forward to serving you better in the future.

Sincerely yours,

Jason Liu

Manager

Embedded Computing Product Division.
