

Product Change Notice

Braswell Refresh Replacement

- **Notification #:** 2016070003
- **Date of Publication:** 18th of July, 2016
- **Affected Model:** Listed Below
- **Change Description**

Intel has announced that Braswell CPU including N3700, N3150, N3050 & N3000 processors will be converted to D stepping (N3710, N3160, N3060 & N3010) in order to deliver better CPU performance and graphic performance enabled by an increase in the burst frequency for all SKUs. Please kindly note this change will be implemented when products have run out of stock.

- **Customer's impact toward the change and recommended action**

Please kindly note that firmware/BIOS/OS drivers update is required for D stepping version. Avalue still maintains affected models, but strongly suggests you to verify the replacements to take the advantage of new processors and get more flexibility and longer supply support. Please contact your sales window for replacement request and please use the updated ordering part number when you place order.
